## SUMMARY

A highly motivated third-year B-Tech Computer Science student with strong skills in Python, Java, JavaScript, React, and Data Structures. Experienced in Machine Learning, Artificial Intelligence, and Web Development. Passionate about problem-solving and developing innovative solutions. Seeking an internship to apply technical expertise, contribute to meaningful projects, and gain hands-on industry experience. Strong analytical, problem-solving, and communication skills with a keen interest in technology and software development.

---

## EDUCATION

### **Pranveer Singh Institute of Technology**

B-Tech in Computer Science  
Dec 2022 - Present

### **Dhanraji Devi Vidya Niketan Education Centre Senior Secondary School**

Intermediate – **80%**  
2021 - 2022

### **Dhanraji Devi Vidya Niketan Education Centre Senior Secondary School**

High School – **78.5%**  
2019 - 2020

---

## PROJECTS

### **Object Detection** [Project Link](#)

- Developed a web-based object detection application using Streamlit, Python, OpenCV, and PyTorch.
- Implemented real-time object detection for images and videos, supporting multiple object categories.
- Designed and deployed a user-friendly interface with live camera feed and image upload functionality.

### **Hotel Booking Management System**

- Designed a hotel reservation system for seamless room booking and management.
- Implemented features like real-time room availability, user authentication, and secure payments.

- Developed an admin dashboard for managing bookings, cancellations, and customer details.

## Practice Projects

- Youtube clone
  - Portfolio
- 

## EXPERIENCE

### Bharat Intern | Internship – Web Development

*Feb 2024 - Mar 2024*

- Developed landing pages using HTML and CSS to enhance user engagement.
  - Designed and built a personal portfolio website, practicing responsive design and showcasing projects.
  - Created an interactive calculator interface using HTML, CSS, and JavaScript to enhance user experience.
- 

## SKILLS

### Technical Skills:

- Python, Java, JavaScript, HTML, CSS, SQL, React, Tailwind

### Frameworks & Libraries:

- TensorFlow, Pandas, NumPy, Matplotlib, Scikit-learn, Streamlit

### Soft Skills:

- Problem Solving, Teamwork, Communication, Adaptability, Time Management, Active Listening, Attention to Detail
- 

## ACHIEVEMENTS

- **LeetCode:** Solved 100+ problems
  - **HackerRank:** Achieved 5-star rating
- 

## CERTIFICATIONS
